

Building a Healthier Community

Every
One
Matters.

The West Elgin Community Health Centre is part of a strong network of community health centres across the province. Together we commit to providing health and social services that are accountable, accessible, efficient and governed by the community.

Our team provides primary health care, illness prevention and health promotion services, as well as a range of community programs to the residents of Dutton Dunwich and West Elgin municipalities. Our diabetes services are open to anyone, regardless of where you live, and offered at multiple locations in Elgin County.

We believe that housing, education, food and the environment all play a role in health and well-being. We also believe that language, literacy and poverty should not get in the way of receiving great care.

At the West Elgin Community Health Centre, EVERY ONE MATTERS.

If you are interested in learning more about the range of programs and services we offer, if you would like to receive medical care, or if you would like to volunteer with our centre, please visit our website at www.wechc.on.ca or call us at 519-768-1715.

Clinical Clients (those registered to see a Physician or Nurse Practitioner at WECHC) can access lab services. All other Programs and Services are open to everyone:

- Adult Diabetes Education, Support and Management
- Chiroprody Services
- Dietitian Services
- Family and Individual Counseling
- Programs for Children and Families from Prenatal to 12 Years
- Programs for Seniors and Adults with Disabilities
- Systems Navigation

Our Vision

We envision caring and vibrant communities where people achieve and maintain the highest possible level of well-being.

Our Mission

The West Elgin Community Health Centre team works with our communities and our partners to provide accessible, high quality health care, health promotion and community support services.
