

Policy Name:	POLICY FOR GRANTS (OTHER THAN LOCAL HEALTH INTEGRATION NETWORK)		
Policy Number:	GOV-218	Formerly	BG-216
 West Elgin Community Health Centre	Creation Date: June 2004	Reviewed Date: February 2019	Approved by: Board of Directors

SUMMARY

From time-to-time opportunities may arise for the West Elgin Community Health Centre (the “Centre”) to apply to a non-Local Health Integration Network (LHIN) granting agency (the “Funder”) to support a new initiative or to support a non-LHIN funded program. It is important that the Centre be able to react in a timely manner to such opportunities.

POLICY

Provided that the objectives of the Funder and any conditions applicable to the grant are consistent with the Centre’s Mission, Vision and Values and its Strategic Plan, the Executive Director or designate has the authority to prepare and submit grant applications on behalf of the Centre, provided that he or she provides a full report regarding such proposal at the next meeting of the Board of Directors (the “Board”). In the event that the Executive Director has any questions relating to the appropriateness of any grant, the Board shall review the matter in a timely fashion.

The Executive Director shall advise the Board as to the status of any grant application as soon as it is known.
