

JOIN OUR TEAM

ABOUT US:

The West Elgin Community Health Centre has served our rural communities for nearly 30 years. We work alongside extraordinary people at the Centre. We are very proud to be a part of an alliance of community health centres across the province where we focus on improving the health and wellbeing of people and communities. We continue to value and advocate for a more inclusive society.

We believe that housing, education, food and the environment all play a role in health and well-being. We also believe that language, literacy and poverty should not get in the way of receiving great care.

Our team provides primary health care, illness prevention and health promotion services as well as a range of community programs primarily to the residents of Dutton Dunwich and West Elgin municipalities. Our diabetes services are open to anyone and are offered at multiple locations in Elgin County.

We strive for a healthy and supportive work environment valuing compassion, excellence, collaboration, accountability, respect and equity. Our vision supports a vibrant and caring community, people and workplace and is demonstrated by the Centre's 2021 Healthy Workplace award and 2023 CMHA recognition for workplace mental health initiatives.

Nurse Practitioner Chronic Disease Management

Full-Time Employment (37.5 hours a week)

\$53.26 - \$62.66/hour with competitive benefits and HOOPP

The West Elgin Community Health Centre is located in the beautiful rural community of West Lorne, Ontario conveniently situated a half hour outside of London and Chatham.

Primary Responsibilities:

- * Work with referred individuals living with chronic illnesses on an individual or group basis to decrease chronic disease related emergency room visits and hospital admissions, improve quality of life, and reduce reliance on narcotics
- * Work within an interdisciplinary team to meet client needs and program goals. Consult with the client's primary care provider when recommending changes to plan of care. Document and participate in case conferences
- * Perform assessment, diagnosis, treatment, health promotion activities, health education/counseling according to CNO Standards of Practice and Centre policies
- * Work towards the achievement of Ontario Health West's performance indicators and the Centre's Strategic Plan

Qualifications:

- * Current Registered Nurse, Extended Class (RN-EC) in good standing with the College of Nurses of Ontario
- * Minimum of five (5) years experience as RN-EC working with clients with chronic illnesses particularly chronic pain and COPD
- * Experience working in rural communities
- * Strong assessment and organizational skills. Experience in program development and evaluation
- * Alignment with the Centre's mission, vision and values
- * Verification of full Covid-19 vaccination status or verified medical exemption and the submission of a satisfactory vulnerable sector police clearance are required

The Centre is committed to a respectful, diverse, accessible and inclusive work environment. We encourage and welcome applications from persons with disabilities and a broad range of cultural, ethnic, racial and gender identities and expression. Reasonable accommodation will be provided in all phases of the recruitment process.
