

The West Elgin Community Health Centre is currently seeking a:

## PRIMARY CARE REGISTERED PRACTICAL NURSE

TEMPORARY, FULL-TIME  
CONTRACT  
(UP TO 1 YEAR)

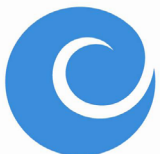

### ABOUT US:

The West Elgin Community Health Centre is part of a strong network of community health centres across the province. Together we commit to providing health and social services that are accountable, accessible, efficient and governed by the community.

Our team provides primary health care, illness prevention and health promotion services, as well as a range of community programs primarily to the residents of Dutton Dunwich and West Elgin municipalities. Our diabetes services are open to anyone and are offered at multiple locations in Elgin County.

We believe that housing, education, food and the environment all play a role in health and well-being. We also believe that language, literacy and poverty should not get in the way of receiving great care.

# JOIN OUR TEAM

The Registered Practical Nurse provides primary care functions and participates in the development, implementation, monitoring and evaluation of programs and services for individuals, families and the community. *This is a temporary employment contract for leave coverage only.*

### QUALIFICATIONS:

- Registered Practical Nurse diploma / certificate from a recognized institution.
- Be a member in good standing with the College of Nurses of Ontario.
- Be a member of the Registered Practical Nurses Association of Ontario (RPNAO).
- Three to five years nursing experience in a community setting or combination of community and hospital or public health settings.
- Primary Care nursing experience with working knowledge of immunization schedules an asset.
- Strong assessment skills and triage experience.
- Proficiency in the use of computers and various software applications.

### PRIMARY RESPONSIBILITIES:

- Provide primary care services as required which fall within your scope of practice as defined by the Colleges of Nursing of Ontario standards of nursing practice, the centre policies and procedures and medical directives.
- Provide triage, primary care services and support based on client and provider needs.
- Provide assessments, education, treatment and support to clients based on needs within scope of practice or through medical directives.
- Actively participate in quality initiatives to ensure funder and clients targets and goals are met.
