

The West Elgin Community Health Centre is currently seeking a:

Part-Time Registered Nurse - Diabetes Program Aylmer, Ontario

15 hours a week (.4 FTE)

ABOUT US:

The West Elgin Community Health Centre is part of a strong network of community health centres across the province. Together we commit to providing health and social services that are accountable, accessible, efficient and governed by the community.

Our team provides primary health care, illness prevention and health promotion services, as well as a range of community programs primarily to the residents of Dutton Dunwich and West Elgin municipalities. Our diabetes services are open to anyone and are offered at multiple locations in Elgin County.

We believe that housing, education, food and the environment all play a role in health and well-being. We also believe that language, literacy and poverty should not get in the way of receiving great care.

At the West Elgin Community Health Centre, EVERY ONE MATTERS.

JOIN OUR TEAM

The part-time Registered Nurse works in the Diabetes Program located in Aylmer, Ontario. This position is based on .4 FTE and will complement a .6 FTE RN working an opposite schedule. The RN works with a Registered Dietitian to provide education and support to clients within their scope of professional practice. Services will include group education sessions and individual counseling to adults with pre-diabetes, Type 1, Type 2 and gestational diabetes.

PRIMARY RESPONSIBILITIES:

- Independently, or in collaboration with the Diabetes Team, perform a client assessment, develop a client-centred action plan, implement, evaluate and monitor the plan.
- Perform clinical assessments, develop client-focused care goals with the client, provides health education, counseling and other clinical activities.
- Work in accordance with the College of Nurses of Ontario (CNO) standards of practice.
- Participate in the development, implementation, monitoring and evaluation of treatment, education, counseling and health promotion programs and services for individuals, families and the community.
- Participate in a variety of interdisciplinary practice initiatives such as case conferences, team meetings, referrals, and group care programs.

QUALIFICATIONS:

- Undergraduate degree in nursing from a recognized university or combination of nursing diploma and additional relevant training.
- Certificate of competence from the College of Nurses of Ontario.
- Canadian Diabetes Association Diabetes Educator Certification PREFERRED (or willingness to obtain).
- Flexible to work in office or to work remotely with a strong understanding of various computer programs. Experience with PS Suite an asset.

APPLY TODAY!

**Applications accepted until July 15, 2020
Candidates invited to interview will be contacted**
