Health Centre

The West Elgin Community Health Centre has served our rural communities for **over 30 years**.

We work alongside extraordinary people at the Centre and are very proud to be a part of an alliance of community health centres across the province.

We focus on improving the health and wellbeing of people and communities as we continue to value and advocate for a more inclusive society. We believe that housing, education, food and the environment all play a role in health and wellbeing.

We also believe that language, literacy, and poverty should not get in the way of receiving great care.

Our team provides primary care, illness prevention and health promotion services and a range of community programs primarily to the residents of Dutton Dunwich and West Elgin municipalities.

Our diabetes services are open to anyone and are offered at multiple locations in Elgin County.

We strive for a healthy and supportive work environment valuing compassion, excellence, collaboration, accountability, respect, and equity.
