

Welcome to *Your* Community Health Centre

We are glad you're here...

West Elgin
Community
Health Centre

The West Elgin Community Health Centre has served our rural communities for over 30 years.

We work alongside extraordinary people at the Centre and are very proud to be a part of an alliance of community health centres across the province.

Our Centre focuses on improving the health and wellbeing of people and communities as we continue to value and advocate for a more inclusive society. We believe that housing, education, food, and the environment all play a role in health and well-being. We also believe that language, literacy, and poverty should not get in the way of receiving great care.

Our team provides primary care, illness prevention, health promotion services, and a range of community programs primarily to the residents of Dutton Dunwich and West Elgin municipalities. Our diabetes services are open to anyone and are offered at multiple locations in Elgin County.

We strive for a healthy and supportive work environment valuing compassion, excellence, collaboration, accountability, respect, and equity. Our vision supports a vibrant and caring community, people, and workplace.

Join Our Team

Registered Nurse (RN), Primary Care

One Vacancy, Full-Time Employment

\$40.68 - \$43.97/hour, 37.5 hours per week

Excellent Group Benefits and Paid Time Entitlements, HOOPP

Our RN provides primary care services within the CNO scope of practice, Centre policies, and medical directives. Working within an interdisciplinary team, this role includes triage and provides a holistic approach to assessing client needs, health education, treatment, and support. The RN also leads annual vaccination clinics and new client intake coordination.

Qualifications and Experience:

- Undergraduate degree in nursing from a recognized university or combination of a nursing diploma and additional relevant training required.
- Member in good standing with the College of Nurses of Ontario required.
- RN Prescribing CNO qualification or willingness to obtain preferred.
- Strong assessment and triage skills, knowledge of immunization schedules and an appreciation of living in rural communities. Experience working in Community Health an asset.
- Computer proficiency and previous EMR experience required.
- Satisfactory vulnerable sector police check, education certificates, and confirmation of CNO membership in good standing required.
- Supports and models the vision, mission, and values of the Centre through service excellence.
